CONSTITUTIONAL AMENDMENT A

To Remove the Legislature from the Initiative Process.

The following amendment to the Constitution is submitted to a vote of the people by the Legislature.

A JOINT RESOLUTION, Proposing and submitting to the electors at the next general election an amendment to section 1, Article III of the Constitution of the state of South Dakota, relating to initiatives.

Attorney General's Explanation:

Initiated measures are proposed by a petition signed by five percent of the electors. Those measures become law if approved by a majority vote in a statewide election. Before a measure can be placed on the ballot, Article III of the State Constitution presently requires the Legislature to enact the measure and submit it to the electorate.

The proposed amendment removes the requirement that the Legislature enact and submit a measure proposed by the voters before it could be placed on the ballot. It would eliminate any discretion which the Legislature may now have regarding submission of a voter proposed measure to the electorate.

CONSTITUTIONAL AMENDMENT B

Deadwood Gambling

The following amendment to the Constitution is submitted to a vote of the people by initiative of the voters pursuant to the Constitution.

AN INITIATED PROPOSAL to amend section 25 of Article III of the Constitution of the state of South Dakota relating to Deadwood gambling

Attorney General's Explanation:

The proposed constitutional amendment would allow the Legislature to authorize "limited card games and slot machines" within the city of Deadwood provided (1) that sixty percent of the Deadwood voters approve the legislative authorized card games and slot machines, and (2) the "entire net municipal proceeds" of the games are devoted to the historic restoration and preservation of Deadwood.

The Legislature would be enabled to set the conditions under which the gambling could take place in Deadwood.

CONSTITUTIONAL AMENDMENT C

Real Property Tax Limitation, referred to as "Dakota Proposition II"

The following amendment to the Constitution is submitted to a vote of the people by initiative of the voters pursuant to the Constitution.

AN INITIATED PROPOSAL to amend Article XI of the Constitution of the state of South Dakota by adding a section 14 relating to real property tax limitation.

Attorney General's Explanation:

The proposed constitutional amendment would:

(1) Set a maximum level for property taxes on agricultural land of one percent of the 1984 full and true value. This limitation would be effective January 1, 1989.

(2) Set a maximum level for nonagricultural land of two and one-half percent of the 1984 full and true value of property. This limitation would be phased in over a three year period.

(3) Would not affect taxes necessary to pay off existing indebtedness.

(4) Permit property values to be increased at two percent per year or up to the level of the Department of Labor's Cost Price Index for the previous year, whichever is less.

(5) Allow cities, counties, and special taxing districts to impose "special taxes" by a two-thirds vote. The term "special taxes" is not defined.

(6) Require a two-thirds vote of the Legislature to change laws resulting in increased tax revenue collections.

(7) Have the effect of limiting real property tax revenues available to local government in South Dakota.

CONSTITUTIONAL AMENDMENT D

State Board of Charities and Corrections

The following amendment to the Constitution is submitted to a vote of the people by the Legislature.

A JOINT RESOLUTION, Proposing and submitting to the electors at the next general eleciton an amendment to Article XIV of the Constitution of the state of South Dakota, relating to the charitable and penal institutions.

Attorney General's Explanation:

Our State Constitution now provides that the Board of Charities and Corrections, is responsible for the Penitentiary, the insane hospital, the school for the feeble-minded, and the reform school.

The proposed amendment would abolish the Board of Charities and Corrections while requiring the Legislature to provide for the existence and governance of these institutions. It would also change the existing names of the institutions to the Penitentiary, the State hospital for the mentally ill, the school for the developmentally disabled and the reform school for juveniles.

INITIATED MEASURE 1

Large-Scale Metallic Mineral Surface Mining Reclamation Act

AN ACT ENTITLED, An Act relating to Large-Scale Metallic Mineral Surface Mining Reclamation.

Attorney General's Explanation:

The initiated measure requires the operator of any large-scale metallic mineral surface mine to restore affected land to its approximate original contours insofar as is possible without causing rock slides, severe erosion or unstable land. A large-scale surface mine affects ten (10) or more acres of land or processes 25,000 tons or more of ore annually. The Act applies regardless of any financial hardship caused by the restoration.

The initiated measure also prohibits the mine operator from placing mine tailings in contact with the **saturated zone**, the **erosion zone** or the **plant rooting zone**. Waste waters must be treated until they comply with South Dakota groundwater quality standards effective January 1, 1988.

The initiated measure applies to large-scale metallic mineral mines which received a state permit after January 1, 1988. These mines are required to be in compliance with the Act by July 1, 1989.

INITIATED MEASURE 2

Large-Scale Metallic Mineral Mining Tax Act

AN ACT ENTITLED, An Act relating to Large-Scale Metallic Minerals Mining Tax.

Attorney General's Explanation:

This measure imposes a four percent gross sales tax on metallic minerals from large-scale surface mines within South Dakota. A large-scale surface mine is one which affects ten (10) or more acres of land or processes 25,000 or more tons of ore per year. Metallic minerals include iron, copper, zinc, lead, gold, silver, titanium, vanadium, nickel, cadmium, molybdenum, chromium, manganese, cobalt, zirconium, beryllium, thorium, and uranium.

Ten percent (10%) of the tax is allocated to the Department of Water and Natural Resources for environmental regulation of large-scale metallic mineral surface mines. Seventy percent of the tax is allocated to a Minesite Cleanup Fund for the cleanup of toxic material spills and other contamination caused by large-scale metallic mineral surface mines. Twenty percent (20%) of the tax is allocated to the Unreclaimed Lands Fund to restore lands not currently subject to the mining permit but which have been affected by past mining activity. Structures viewed as historical by local residents are to be given special care during restoration activities.

When the Minesite Cleanup Fund reaches $25 million, ninety percent (90%) of the total tax shall be placed in the Unreclaimed Lands Fund.

INITIATED MEASURE 3

Hog Farm Amendment to the Family Farm Act

AN ACT ENTITLED, An Act to revise certain provisions of the Family Farm Act of 1974.

Attorney General's Explanation:

The proposed measure would prohibit any corporation, except a "family farm corporation" as defined by law, from owning or operating a hog confinement facility.

The proposed amendment would also broaden the definition of "family farm corporation" to include any corporation formed for farming purposes in which the majority of the stockholders are resident family farmers engaged in farming as their primary economic activity.

REFERRED LAW 4

The following law has been passed by the Legislature and signed by the Governor, but did not go into effect because a referendum petition containing signatures of five percent of the voters of the state has been filed, in accordance with the Constitution, and this law will not become effective until approved by the people.

AN ACT ENTITLED, an act to revise the regulation of certain intra-state telecommunications services and to make certain trade regulation laws applicable to certain telecommunications services.

Attorney General's Explanation:

The purpose of the Act is to revise the regulations the Public Utilities Commission (Commission) exercises over telecommunications companies.

This Act creates three classes of telecommunications services providing for regulation of each.

Services described below will continue to be regulated until reclassified as provided by the Act. Such services include:

1. local home;
2. local business;
3. local agribusiness;
4. emergency;
5. pay phones.

The prices for the following services are subject to review by the Commission:

1. long distance service;
2. certain new products and services.

Long distance rates would be uniform except volume discounts would be allowed.

The following competitive services would be removed form Commission regulation:

1. Cellular mobile;
2. Switching equipment;
3. Billing and collection services between companies;
4. Optional services;
5. Dedicated lines;
6. Consumer owned wiring.

The commission would be allowed to, and must if necessary, reclassify any of the above services and maintain the current level of regulation.

This Act will affect cooperatives, municipals and small independent telephone companies as follows:

1. Access charges will be regulated.
2. Territorial restrictions will be eased.

The Act amends the State's antitrust law so that services no longer controlled by the Commission will be subject to such laws, while fully regulated services will continue to be exempt.
